以“嫦娥追月”为灵感，创作一个角色为兔子，讲述兔子追月饼的故事
Inspired by "Chang'e Chasing the Moon", create a character as a rabbit and tell the story of rabbit chasing the moon cake.

1. 兔子掉下去重来时会闪烁虚化
When the character falls, it will return to its original position, blink and start again.
2. 每吃一个月饼会增加10分
Eating a mooncake will increase 10 points.
3. 关卡之间相通
Each level in the game is connected.
4. 月饼的放置并不是固定的，有限制其在一定范围内随机移动，稍微增加游戏的难度
The placement of mooncakes is not fixed. It is limited to move randomly with a certain range, which slightly increases the difficulty of the game.

冒险类游戏：角色在冒险中寻找宝藏获得积分，满足一定积分后将变换游戏场景及游戏难度
Adventure games: Characters look for treasures in adventures and earn points.
After satisfying certain points, the game scene and game difficulty will be changed.
